

Wall of Fame Photo Guidelines

Passing the CRNI® exam is quite an accomplishment—one certainly worth sharing. CRNI®s are invited to submit a brief quote and photo to be recognized on our Wall of Fame. Use the guidelines below to ensure we can show you at your best!

- The resolution or clarity of your photo must be of sufficient quality. Cell phone photographs usually cannot be posted.
- Your photograph should be a separate attachment (preferably jpg format). If it is embedded in a document, it often cannot be used.
- While we would love to see you at work with patients, without their written consent we cannot post their photographs.
- Your professional demeanor is appreciated.

Now you know the requirements, just submit your photo with a brief quote to hannah.lysak@ins1.org. We will contact you when it is posted. We appreciate your allowing us to recognize your accomplishment.
